Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Response to Amendment

Amendment filed on May 6, 2003 has been entered. New claims 11-20 have been added. Claims 1-20 are pending in the application.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert H. Walat on June 10, 2003.

Claim 10 has been cancelled.

Claim 18, line 2, "the metal" has been changed to -- a salt of the metal --.

Claim 19, line 3, "the metal" has been changed to -- a salt of the metal --.

Claim 20, line 2, "MLCC" has been changed to -- MLC --.

Allowable Subject Matter

Claims 1-9, 11-20 are allowed.

The Examiner Note: claim 1, line 3, the phrase "maintaining the barium titanate-based particles in a wet environment" was interpreted according to the specification as filed (See pages 7, 8, and example 3) and according to applicants' statement in Remarks of May 6, 2003 (See

Art Unit: 1762

paragraph 3 on page 3 of Remarks) as maintaining the barium titanate-based particles in a wet environment between formation of the particles and coating so that no drying of the formed particles is utilized before coating.

The following is an examiner's statement of reasons for allowance: the prior art of the record does not teach or suggest a method of claim 1 comprising hydrothermally producing barium titanate-based particles, maintaining the barium titanate-based particles in a wet environment, and forming a coating on surfaces of the barium titanate-based particles, the coating comprising an oxide, hydrous oxide, hydroxide, or organic acid salt of a metal. Closest prior art of Lilley et al discloses a method of coating hydrothermally produced barium titanate-based particles comprising drying the formed barium titanate-based particles, and mixing the particles with metal alkoxide in an alcohol thereby coating the particles with a metal oxide. In other words, Lilley et al do not teach or suggest a step of maintaining the hydrothermally produced barium titanate-based particles in a wet environment between formation of the particles and coating.

Claims 2-9, 11-20 are allowed as further limiting allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
